### CRA Reporting Update: New guidance on telephone-only service CPT codes for Risk Adjustment Program

Published: Oct 1, 2020 - **Administrative**

As providers, you are committed to providing the best care for your patients – our members. That care may now include telehealth visits. Recognizing the continuing increased need for telephone and virtual services during the COVID-19 public health emergency, the U.S. Department of Health and Human Services (HHS) has given additional consideration to the treatment of telephone-only services in the HHS-operated Risk Adjustment Program. HHS has clarified that telephone-only service CPT codes (98966-98968 and 99441-99443) are valid for the Risk Adjustment Program. Telephone-only visits may benefit your patients who have not participated in, or felt comfortable using, a telehealth video visit. Thank you for your continued commitment to assessing your patients' health and closing possible gaps in care.
