Clinical Laboratory Improvement Amendments (CLIA) Number – Additional Information

Published: Nov 1, 2020 - Administrative

The purpose of this article is to provide additional information regarding submission of the CLIA number on claims for laboratory services that include QW or 90 modifiers. As a reminder, claims filed without the CLIA number are considered incomplete and will reject.

Both paper and electronic claim formats accommodate the CLIA number.

- On the CMS-1500 form, Box 23 (Prior Authorization) is reserved for the CLIA number.
- On the 837P, REF segments are available: REF (X4) in loops 2300 and 2400, and REF (F4) in loop 2400.

Note: The CLIA number for the Referring Clinical Laboratory should be included in REF (F4)

The following examples illustrate how the CLIA number as well as procedure code modifiers QW and 90 should be filed:
