### Clinical practice and preventive health guidelines available online

Published: Mar 1, 2019 - **Administrative**

As part of our commitment to provide you with the latest clinical information and educational materials, we have adopted nationally recognized medical, behavioral health and preventive health guidelines, which are available to providers on our website. The guidelines, which are used for our Quality programs, are based on reasonable, medical evidence, and are reviewed for content accuracy, current primary sources, the newest technological advances and recent medical research.

All guidelines are reviewed annually, and updated as needed. The current guidelines are available at [empireblue.com/provider/](https://empireblue.com/provider/) > "Find Resources in New York" > [Provider Home](#) > [Health and Wellness](#) > [Practice Guidelines](#).
