

Coming soon: Reimbursement for select HEDIS-related CPT II codes for Medicare Advantage members

Published: Apr 1, 2019 - **State & Federal** / Medicare

CPT Category II codes are supplemental tracking codes used to support quality patient care and performance management. CPT II codes are:

- Billed in the procedure code field in the same way as CPT Category I codes.
- Used to describe clinical components usually included in evaluation, management or clinical services.
- Billed with a \$0 billable charge amount since they are not usually associated with any relative value.

Under this new incentive program, Empire will reimburse contracted Medicare Advantage providers for submitting select HEDIS®-related CPT Category II codes for eligible members. Using these CPT Category II codes for Medicare Advantage members will:

- Help providers address clinical care opportunities.
- Facilitate timely and accurate claims payments.

Detailed information about this program, including a list of applicable codes, will be sent to providers.
