

Evaluation and management changes 2021

Published: Jan 1, 2021 - **Administrative**

Anthem Blue Cross and Blue Shield (Anthem) recognizes all coding changes from both the American Medical Association (AMA) and the Centers for Medicare and Medicaid Services (CMS) effective the date provided by the coding source. This includes the Evaluation and Management (E/M) changes effective January 1, 2021.

The following updates pertaining to Evaluation and Management services have been identified:

- CPT code 99201 (new patient E/M) will be a deleted code.
- CPT codes 99202 through 99215 (new/established E/M) definitions have changed. Selection of these E/M codes can now be based on either Medical Decision Making or Time.
- CPT code 99417 (prolonged services) and HCPCS Code G2212 (prolonged services) will be recognized as billable codes. These codes will be payable based on our existing Prolonged Services policy, which will be updated to reflect the new code along with the modifications to existing prolonged service codes CPT codes 99354 and 99355.
- HCPCS Code G2211 (complexity inherent to evaluation and management associated with primary medical care) will not be separately reimbursed for this service. We will be updating our Bundled Services and Supplies policy to reflect this position.

Additionally, we are in the process of updating reimbursement policies impacted by the E/M service changes such as the Documentation and Reporting Guidelines for Evaluation and Management Services.
