

How to enroll in electronic fund transfer for faster remittance

Published: Jul 1, 2021 - **Administrative** / Digital Tools

Like the payroll direct deposit service that most businesses offer their employees, electronic funds transfer (EFT) is a digital payment solution that uses the automated clearinghouse (ACH) network to transmit health care payments from a health plan to a health care provider's bank account. Health plans can use a provider's banking information **only** to deposit funds, not to withdraw funds.

Anthem Blue Cross and Blue Shield (Anthem) expects providers to accept payment via EFT in lieu of paper checks. Providers can register or manage account changes for EFT via the CAQH enrollment tool called [EnrollHub™](#). This tool will help eliminate the need for paper registration, reduce administrative time and costs and allows physicians and facilities to register with multiple payers at one time. By eliminating paper checks, EFT payments are deposited directly into your account faster.

Read more about going digital with Anthem in the [Provider Digital Engagement Supplement](#) available online. Go to [anthem.com](#), select **Providers**, under the *Provider Resources* heading select **Forms and Guides**. Pick your state if you haven't done so already. From the Category drop down, select **Digital Tools**, then **Provider Digital Engagement Supplement**.
