

## Intel Corporation in California moves to Medicare Advantage plan from Anthem Blue Cross

Published: Jan 1, 2021 - **State & Federal** / Medicare

Effective January 1, 2021, Intel Corporation in California will offer a Medicare Preferred (PPO) from Anthem Blue Cross (Anthem). Anthem will provide medical benefits for the Intel retirees through their Local Preferred Provider Organization (LPPO) product, which includes the National Access Plus benefit. This plan allows members to receive services from any provider, as long as the provider is eligible to receive payments from Medicare.

The Intel Corporation member copayment or coinsurance percentage will be the same whether their provider is in- or out-of-network. **Locally or nationwide, doctors or hospitals — the member's cost share doesn't change.**

**Noncontracted providers may continue treating Intel Corporation members and will be reimbursed 100% of Medicare's allowed amount for covered services, less any member cost share.**

The Medicare Advantage plan offers the same hospital and medical benefits that Medicare covers and also covers additional benefits that Medicare does not, such as hearing, LiveHealth Online\* and SilverSneakers.\*

The prefix on the Medicare Advantage ID cards is **MBL**.

Detailed prior authorization requirements are also available to contracted providers by accessing the Provider Self-Service Tool through the Availity\* Portal at <https://www.availity.com>.

Providers will follow their normal claim filing procedures for Intel Corporation member claims.
