

LiveHealth Online Psychology: easy access to therapists and psychologists from the comfort of home

Published: Oct 1, 2018 - **Products & Programs** / Behavioral Health

Launched in January 2016, LiveHealth Online Psychology is a convenient and easy way for members to connect one on one with a behavioral health provider using their smartphone, tablet or computer.

Through two-way video chat, members can interact with a therapist or psychologist, day or night, by appointment. Appointments are available within 4 days or less and the cost is the same as a regular in-person therapy office visit. The therapists available on LiveHealth Online Psychology can treat issues such as anxiety, depression, stress, grief and relationship issues. For new users, it's as simple as signing up with a name and email address.

Originally available to adults, LiveHealth Online Psychology also launched its Teen edition in July 2016, accessible by 10 to 17 year olds. To learn more, visit livehealthonline.com/psychology or call 844-784-8409.
