New Medicare Advantage provider service phone number beginning January 1, 2019

Published: Dec 1, 2018 - **State & Federal** / Medicare

Effective January 1, 2019, Medicare providers will have toll free phone numbers specifically designated for their service inquiries. These new provider numbers will be listed separately on the back of the member ID cards and should be used beginning January 1, 2019. The associates answering your provider service calls are trained to answer your questions and resolve your issues as quickly as possible. To ensure you receive the most efficient service, please refrain from using the member services line and use only 844-427-2657 or the provider services phone number listed on the back of the member ID card for provider service for individual Medicare Advantage calls beginning January 1, 2019.
