

## Now available Anthem Blue Cross' new Digital Enrollment application for Behavioral Health

Published: May 1, 2020 - **Products & Programs** / Behavioral Health

Anthem Blue Cross (Anthem) continues to make it easier and more convenient to request consideration for participation as a behavioral health provider. The Digital Provider Enrollment application has been designed to speed up the enrollment process, allow providers to submit data at one time, and obtain real-time updates on the status of an application.

Access to the new application is available through [Availity](#), Anthem's secure web-based provider portal. New and current [Availity](#) users should ensure their user ID has the correct access. Please ensure that you have been assigned to Provider Enrollment.

Digital provider enrollment offers many benefits:

- Supports enrollment of professional providers, whose organizations do not have a credentialing delegation agreement with Anthem
- New individual providers or groups can request a contract
- Existing groups can add providers to their existing contract
- Providers can check the status of an application in real-time using the enrollment dashboard

To use the new Digital Enrollment application, please confirm your provider data on CAQH is current and in a complete or re-attested status, then log into [Availity](#) and use the following navigation: Choose your state > Payer Spaces > Provider Enrollment.
