

## Provider Manual for professional and facility providers to be updated July 1, 2019

Published: May 1, 2019 - Administrative

We are pleased to announce that a new Anthem Provider Manual, incorporating information for both professional and hospital/facility providers, will be available on [anthem.com](http://anthem.com) by July 1, 2019. The provider manual replaces the prior version published in July 2018, and it allows you to link directly to many important forms, policies, and tools on our website. These links to material that is frequently updated on our website will help ensure that you are receiving the most current information available.

The manual can be found under the Communications tab on the provider home page of [anthem.com](http://anthem.com). From the dropdown menu, select Publications > Provider Manuals. Archived copies of the 2018 professional and hospital/facility manual will remain available at the same location for reference to prior information. However, for current reference needs, please ensure that you select the July 2019 manual after July 1, 2019.
