Use grouped CPT codes for AIM Specialty Health authorizations

Published: Feb 1, 2019 - **State & Federal** / Medicare

AIM Specialty Health® groups CPT codes on authorizations so they can be reviewed together to support a procedure or therapy. Grouped codes are used for radiology, cardiology, and sleep and radiation therapy programs. The groupings can be found at <http://aimspecialtyhealth.com/ClinicalGuidelines.html> by selecting the appropriate solution and then the exam or therapy being performed. Additional information is available at empireblue.com/medicareprovider under *Important Medicare Advantage Updates*.
