Provider transparency update

Published: Apr 1, 2020 - **Administrative**

A key goal of Anthem's provider transparency initiatives is to improve quality while managing health care costs. One of the ways is through Anthem's value-based programs such as *Enhanced Personal Health Care, Bundled Payment Programs, Oncology Medical Home, and so on* – called the "Programs." Certain providers ("Value-Based Program Providers" also known as "Payment Innovation Providers") in Anthem's various value-based programs receive quality, utilization and/or cost data, reports, and information about the health care providers ("Referral Providers") to whom the Value-Based Program Providers may refer their patients covered under the Programs. If a Referral Provider is higher quality and/or lower cost, this component of the Programs should result in the provider getting more referrals from Value-Based Program Providers. The converse should be true if Referral Providers are lower quality and/or higher cost.

Providing this type of data, including comparative cost information, to Value Based Program Providers helps them make more informed decisions about managing health care costs and maintaining and improving quality of care. It also helps them succeed under the terms of the Programs.

Additionally, employers and group health plans (or their representatives or vendors) may also be given quality/cost/utilization information about Value Based Program Providers and Referral Providers so that they can better understand how their health care dollars are being spent and how their health benefits plans are being administered. This will, among other things, give them the opportunity to educate their employees and plan members about the benefits of using higher quality and/or lower cost health care providers.

Anthem will share data on which it relied in making these quality/cost/utilization evaluations upon request, and will discuss it with Referral Providers - including any opportunities for improvement. For questions or support, please refer to your local Market Representative or Care Consultant.

HEDIS 2020 Federal Employee Program® medical record request requirements

Published: Apr 1, 2020 - **Administrative**

Centauri Health Solutions is the contracted vendor to gather member medical records on behalf of the Blue Cross and Blue Shield Federal Employee Program. We value the relationship with our providers, and ask that you respond to the detailed requests in support of risk adjustment, HEDIS and other government required activities within the requested timeframe. Centauri Health will work with you to obtain records via fax, mail, remote electronic medical record (EMR) access, or onsite scanning/EMR download (as necessary). We ask that you please promptly comply within **five (5) business days** of the record requests. If you have any questions, please contact Ify Ifezulike with Blue Cross Blue Shield Federal Employee Program at (202) 626-4839 or Mary Kay Sander with Centauri at (636) 333-9145.

Anthem acquires Beacon Health Options

Published: Apr 1, 2020 - **Administrative**

Anthem completed its acquisition of Beacon Health Options, a large behavioral health organization that serves more than 36 million people across the country. The company will operate as a wholly owned subsidiary of Anthem.

Bringing together our existing solid behavioral health business with Beacon's successful model and support services creates one of the most comprehensive behavioral health networks in the country. It's also an opportunity to offer best-in-class behavioral health capabilities and whole person care solutions in new and meaningful ways to help people live

their best lives.

From the standpoint of our customers and providers at this time, it's business as usual:

- Members should continue to call the customer service number on the back of their membership card or access their health plan's website for online self-service.
- Providers should continue to use the provider service contact information, websites and online self-service portals as part of their agreement with either Anthem or Beacon.
- There will be no immediate changes to the way Anthem or Beacon manage their respective provider networks, contracts and fee arrangements. Anthem and Beacon provider networks, contracts and fee arrangements will remain separate at this time.

We know our providers continue to expect more of their healthcare partner, and at Anthem, we aim to deliver more in return.

Anthem continues focus on updates to our public provider website

Published: Apr 1, 2020 - **Administrative**

At Anthem, we continue to make changes to our public provider website to make it easier for you to find the information you need. The end of Q1 brings a few updates for the site at anthem.com:

- Information has been added to our website regarding Patient-Centered Specialty Care (PCSC) – Anthem's value-based payment program for cardiology, endocrinology and obstetrics/gynecology providers. You can find this information online as an extension of our broader patient-centered, value-based care program – Enhanced Personal Health Care (EPHC).
- Documents listed on the Prior Authorization page can be conveniently accessed via online links.

- Medicare Advantage will be live in the coming days. You will be able to view updated Medicare Advantage pages on the commercial public sites.
- Medical Policies (MP) and Clinical Utilization Management Guidelines (CUMG) now display on our newly designed Web pages.

If you have any questions, please contact Michelle Fraser at michelle.fraser@anthem.com or Nick Kizirnis at nick.kirzinis@anthem.com.

Provider COVID-19 Update: State Health Benefit Plan

Published: Mar 27, 2020 - **State & Federal** / State Health Benefit Plan

Effective immediately, the State Health Benefit Plan (SHBP) has elected to expand their telehealth coverage for members and to waive any member out-of-pocket costs for telehealth visits, including visits for mental health, for a temporary period. This means member out-of-pocket costs for Anthem's telemedicine service, LiveHealth Online, and care received from other telehealth providers is waived. The expansion of telehealth services will allow for telephonic communication, video cell phone communication and audio & video technology, to help members easily connect with providers, while maintaining compliance with social distancing.

For the latest provider news from Anthem Blue Cross and Blue Shield, please visit [Provider News Home](#). If you have specific questions on SHBP coverage for members, you can contact 855-641-4862, and then press 9. If you have any questions related to your contract, please contact your Anthem provider representative.
